

# many prospects...

# one opportunity

## Building Schools for the Future communication day

An invitation is extended to LEP consortia to join us at our BSF communication day, which will take place at the City Learning Centre in Oldham on Tuesday 13 January 2009.

The event will be split into two sessions – a presentation of the Oldham programme followed by an opportunity to meet the project team. Representatives from the schools and Oldham councillors will also be present at the event.

Oldham is looking to both establish a LEP for its long-term development of schools and concurrently procure its academies from the National Framework.

**If you are interested in attending please contact Cheryl Davenport, communications advisor on 0161 770 4280 or e-mail [cheryl.davenport@oldham.gov.uk](mailto:cheryl.davenport@oldham.gov.uk)**
