

Services to Deaf and Hard of Hearing people

This fact sheet can be made available in other languages or formats on request by contacting 0161 770 6666. For further information please see our detailed fact sheet - Information for all.

Are you Deaf, deafened or hard of hearing? Do you have a problem with Tinnitus or Menieres disease?

You may need support with communication, information about services, equipment, groups or advice about disability benefits, employment, education and other issues affecting your life.

Who are we?

We are the Services to Deaf and Hard of Hearing People Team - 2 social workers, a care coordinator, 2 technical officers and a Deafblind or dual sensory worker.

Our service is based at the Link Centre, 140 Union Street, Oldham, OL1 1DZ

What do we do?

We can help with specialist advice and information about issues related to your deafness.

If you are Deaf and you use British Sign Language we can sign with you to find out what your needs are. If you need people to

Speak clearly we will contact you for a face-to-face conversation. We will assess your needs and support you to try and get the right help you need.

When you are assessed we will explain about the different types of support that are available to try to meet your needs.

This may include **social work support** with

- finding a support worker to help you live independently
- contacting an advocate or a counsellor
- getting involved in your community
- information about specialist resources organizations and groups
- help to care for someone who is Deaf or deafened
- arranging or advising on residential care for people who need this
- you may need help with practical things like **technical equipment** and/or advice which could help you to:-
 - know when someone is at your front door
 - be aware that your telephone is ringing
 - be aware of your smoke alarm going off
 - hear your baby cry in the night
 - hear people talk more clearly on the phone
 - hear the TV or radio etc

Your assessment will show the needs you have for help with daily living or getting out into your community.

Are you a carer?

If you look after a relative or friend who needs support to live at home you are a carer. As a carer you have the right to ask Adult and Community Services to carry out a carer's assessment (this applies even if the person you care for is not receiving help from Adult and Community Services). Your carer's assessment is your chance to talk about your needs and is your opportunity to tell us about the things that could make caring easier for you.

There are a variety of services available to carers following an assessment including; advice & information, short breaks & respite, additional services to the person you care for, signposting to voluntary & health services, introduction to support groups.
