

PRESS RELEASE

NDC's Good Neighbour Day

This Tuesday, 8th April residents in Hathershaw & Fitton Hill are being invited to think about what makes a 'Good Neighbour' and what makes a nice neighbourhood to live in.

The event will be held at The Honeywell Centre between 10.00 am & 2.00 pm and is a spin off of the wider Neighbourhood Together Agreements and will cut across the Council's localism agenda.

There will be seven workshops each led by a different service provider or partner, focusing on seven key themes, which are important to everyone. These are: - young people, staying safe, health, housing, the environment, crime and community.

The TNT Neighbourhood Together Team, who are all local residents will organise and run the event and will be championing and presenting on one of the above themes, which they feel passionately about.

Nationally recognised cartoonist Graham Ogilvey will also be on hand to capture the event on paper.

Paul Dunn the Countries lead on Anti Social Behaviour and Acceptable Behaviour contracts will chair and host the day.

If you would like to attend the event please contact Maxine Moar on 785 9716 to book your place.
