Appendix 2: Updated list of sites

¹ The Open Space Study Steps One and Two is referred to as the PPG17 Local Needs Assessment and Audit in this document.

Summary

- 1.1 The PPG17 Local Needs Assessment and Audit was completed by consultants PMP in September 2006. Oldham Council undertook a review of the Local Needs Assessment and Audit between August 2007 and January 2008 to show a more recent representation of open space, sport and recreation facilities across the borough. The results of the review are displayed in this Update document.
- 1.2 As part of the review all sites included in the 2006 Local Needs Assessment and Audit were checked to see if:
 - they were still open space, sport or recreation facilities sites;
 - they still had the same typology; and
 - the sites had changed in size.
- 1.3 New sites that were not included in the 2006 Audit were added as part of the review.
- 1.4 The Local Needs Assessment and Audit highlights qualitative features of open space, sport and recreation facilities such as site quality. As part of the review all gaps in quality data were filled in.
- 1.5 The Local Needs Assessment and Audit shows data at the level of six Analysis Areas. The Analysis Areas are based on the six Area Committees of the borough. In 2007 Area Committees were abolished. This Update document therefore does not show data at Area Committee level. The Update document calculates the data to the level of the twenty wards of the Borough thus providing a more detailed representation of open space, sport and recreational provision.
- 1.6 The following sections of the Local Needs Assessment and Audit have been updated following the review and can be seen in the Appendices of the Update document:
 - Table 5.1: Distribution of Parks and Gardens across the borough (Section 5).
 - Table 6.1: Distribution of Natural and Semi-Natural areas (Section 6).
 - Table 7.1: Distribution of Amenity Green Space (Section 7).
 - Table 8.1: Distribution of Children and Young People Facilities (Section 8).
 - Table 9.1: Distribution of Outdoor Sports Facilities (Section 9).
 - Table 10.1: Distribution of Allotments (Section 10).
 - Appendix E: List of Sites
