

# **OLDHAM REPLACEMENT UDP – REVISED DEPOSIT**

## **PUBLIC SCHEDULE OF**

### **OBJECTIONS AND SUPPORTING REPRESENTATIONS (BY POLICY)**

**September 2004**

---

The Council received over 3,800 representations relating to the policies and land use proposals of the Revised Deposit Replacement Unitary Development Plan (UDP) during the consultation period in autumn 2003. This public schedule contains those objections and supporting representations that were duly made. Late representations, which were received in December after the deadline, are contained in the Annex. Please note that the information in the schedules was correct as of 27<sup>th</sup> August 2004 and does not reflect any additional information supplied by objectors or the withdrawal of any objections since this date.

The schedule is published in two forms: one listing representations by policy reference (Green cover), and the second listing representations alphabetically by name (Red cover). Thus you can find out what representations were received on a particular policy or site allocation, and also to what matters individuals, groups or organisations objected. You can also see whether there are others objecting to similar matters. The schedules include an index or key to the policy codes used in the Plan and their subject matter.

The objections and supporting representations appear in summary form in the schedules. Arrangements can be made at Planning Reception, Level 12 at the Civic Centre to view the originals.

The next stage in the process is to consider outstanding objections at a Public Inquiry. Private individuals, organisations and agents who have made representations at both first and revised deposit stages of the UDP review will shortly be contacted by the Public Inquiry Programme Officer who is tasked with organising the Inquiry process.

For more information on the public schedules or the UDP Review, please contact:
