Consent form for NCA cycle coaching

PAGE 1 OF 2

1.

You are giving consent for your child to participate in supervised training sessions being conducted on hardcore surfaces such as a car park/playground or Off road trail routes. These coached sessions may involve activities both on and off the cycle, utilising coaching equipment.

2.

You are giving consent for your child to participate in training sessions in on and off road situations, this training will be on quieter residential B roads with some light traffic flow or off road trails such as canal paths/specifically designed off road routes. These coached sessions may involve activities both on and off the cycle. At times it may be appropriate for the Instructor to move the group to a more suitable training site for H&S reasons, using the public highways. The riders will be supervised and directed by the Instructor. The Instructor will be conducting a dynamic and on-going risk assessment of the environment during the session.

3.

Children are expected to complete the whole of the session, unless by prior agreement with the Instructor. If the child is being collected by someone other than a parent, prior arrangement is to be made with the Instructor.

4.

The child's cycle must be in a road worthy condition with two fully operational brakes and a cycle helmet must be worn during training. Suitable clothing for the weather conditions i.e. gloves, waterproofs is a must. Any rider misbehaving or putting other riders in danger will be asked to leave the session.

PARENTAL/GUARDIAN CONSENT

I am the parent/guardian of.....

I have read and understood the information within the consent form/full terms & conditions, and give permission for my child to participate in a coached cycle training session. I accept and agree that my child takes part in the training entirely at his/her own risk, under the direction of an NCA Instructor.

I have discussed expected behaviour and explained the nature of the course, I am satisfied that my child is aware of the responsibilities of taking part in this training and is able to act in a competent manner to ensure his/hers own safety, as supervised by the NCA Instructor.
