

Transitions to-be DRAFT

One of the problems is knowing which children may need support during the Transitions process. We have highlighted some groups that we can identify, and the final 'Transition cohort' is a combination of these.

We accept that there are some children we just won't know about and they may still require support from Adult Services as they grown into adulthood.

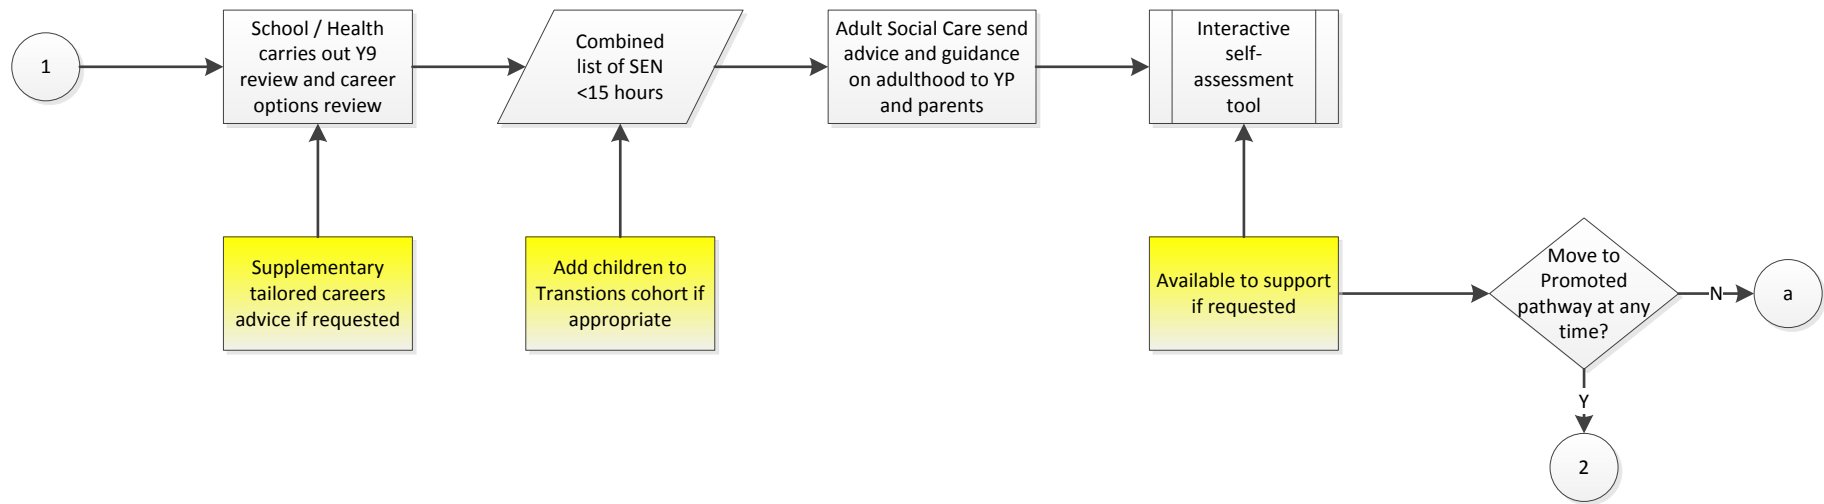

One proposal is to establish a Transitions Team who would be responsible for managing the cohort from Y9.

- NEW Integrated Assessment**
- Health Action Plan – Ready-Steady-Go
 - Transition Action plan (TAP)
 - Connected to EHC

- NEW Interactive Self-Assessment Tool**
- Available online
 - Accessible
 - Supports life choices around Housing, Education, Employment
 - Advice and guidance on financial matters
 - Information about Transitions Team (new)
 - Refer to legal advice re. decision making if appropriate
 - Gets Young people, and families, involved in decisions
 - Signposting to support or sharing groups
 - Contact details for key agencies and organisations
 - Opt-in available for further contact with Adult Services
 - Any personal information held securely
