

Appendix C: Moston Brook / Fairways Site User Survey

Groundwork in partnership with Manchester City Council and Oldham Borough Council are currently carrying out a survey to gather information about how Moston Brook and the Fairways sites are used. As well as building up a picture of how the sites are used the survey also provides you, as a site user, with the opportunity to state whether you would like to participate in exciting consultation events that are taking place in late July to influence any future development plans for the sites. This information will be used in a feasibility study of the long term vision for the sites and how they could be improved.
