Stage 1: Initial screening

The Stage One screening is a quick and easy process. It should:

- identify those projects, policies, and proposals which require a full EIA by looking at the potential impact on any of the equality groups
- prioritise if and when a full EIA should be completed
- justify reasons for why a full EIA is not going to be completed

Not all policies will require an EIA: Click on the information symbol to view a set of key questions which will help you to decide whether you need to complete the form. If you do not need to go any further because a full EIA is not required, please ensure that you complete all the questions in Stage 1 and get the EIA signed off by the appropriate person (see Section 5). **Please note, if you are assessing a budget proposal please complete all the questions. The information in 1e, should be transferred to the Equality Impact Screening section on the budget proposal form.**
