Ace Mill	Gorse Mill No. 2	Y	Whitegate Lane, Chadderton, Oldham, OL9 9RJ	Good	Built prior to 1914. Platts machinery, Urmson & Thompson engine. Used for aircraft manufacture 1914-18, first spun cotton 1919.	0.0	Red brick construction six storey, steel and concrete internal structure. Large rectangular windows with concrete surrounds. Corner pilasters, restrained embellishments, tower, engine house and rope drive.	2	1.0	Commercial setting, backs onto Costco car park. Group value with Gorse and Ram Mills.	3	Ace Mill contributes to group value with Gorse Mill. Alone it contributes very little.	4	Associations with former use and group value with Gorse Mill.	2	3.0	2.00
Adelaide Mill	Hartford Old Works	Y	Gould Street, Oldham, OL1 3PW		Platt Brothers machine makers, blowing room machinery department. Associative value with J Stott. Part of Hartford Old Works. Moved to Hartford New Works in 1844.	2.5	Red brick construction. Four storey in height, multi ridge roof, stone band to each floor. Tower to south-east corner. Engine shed detached to south. Of two storey height with pitched roof. Two storey Old Works building wraps around Gould and Bower Street with single storey section with large span roof.	3	2.8	Industrial setting. Group value with Hartford Old Works.	2	Industrial area with activity.	1	Limited associations with former use.	1	1.3	2.04

Albert Mills	N/A	Y	Albert Street, Hollins, Oldham, OL8 3QP	Good	1850 cotton mill. Almost destroyed by fire in 1972.	-2.5	Brick construction four storey and long in form with multi- ridge roof. Possible internal engine house to centre. Windows smaller in scale than other mills.	2	-0.3	Located beside a former canal, now infilled. Adjacent to railway line. Commercial surroundings with undeveloped vacant sites.	1	Within commercial / industrial area. Mill set behind modern two storey block to roadside. Vacant land to east.	2	Possible associations with former use.	1	1.3	0.54
Alliance Mill	N/A	Y	Brown Street, Oldham, OL1 3QH	Poor	1860. Occupied initially by Armitage & Dixon, cotton doubblers. Occupied as a garment works since 1947.	-5.0	Red brick construction with timber internal structure. Three storey with rectangular brick- arch windows. Domestic chimney to each gable. Considerably modified.	0	-2.5	Surrounded by other buildings and activity, barely visible as a separate structure.	0	Commercial area, subsumed within.	-1	None.	0	-0.3	-1.42
Austerlands Mill	N/A	Y	Huddersfield Road, Austerlands, Oldham, OL4 3QD	Fair	1819 cotton mill by William Beaumont. Burnt down 1884 rebuilt and occupied by small firms. Taken over 1920 by Austerlands Mill Co until 1959. Later used for carpet weaving. Much modified. Former boundary of Yorkshire and Lancashire.	0.0	Stone built two storey with blank elevation and metal sheet roof to roadside. Stone circular chimney extant to north of site over the main road.	1	0.5	Roadside location within village setting. Discreet in nature as no active frontage. Chimney provides context.	1	Small scale commercial buildings with little activity.	0	Possible associations with former use but limited.	0	0.3	0.42

Bee Mill	N/A	Y	Shaw Road, Royton, Oldham, OL2 6EF	Good	1901. Associative value with Wild, Collins & Wild. Platts machinery and George Saxon engine.	-2.5	Brick construction of 4 storeys. Multi ridge roof partly removed, now appears to be 2 storey with sarna roof.	0	-1.3	The mill is not easily visible from the surrounding area. The reduction to two storey means it is not prominent. Some group value with sister mill Lion. Chimney of Lion visible behind.	1	Within commercial area, subsumed within.	-1	Possible associations with former use but limited.	0	0.0	-0.63
Belgrave Mill	N/A	Y	Honeywell Lane, Hathershaw, Oldham, OL8 2LB	Good	1881. One of four mills on this site. Platts machinery. Appears to have expanded several times.	0.0	4 mills of red brick construction. Mix of 2, 3 and 5 storey. Towers to buildings 3 and 4, all roofs replaced with modern sheeting.	2	1.0	Raised position with mixture of housing and commercial neighbours. Group value with Maple Mill diminished following demolition with retention of chimney.	1	Elements in poor condition and generally having a negative impact on experience.	-2	Possible associations with former use but limited.	0	-0.3	0.33
Bell Mill Claremont Street	N/A	Y	Claremont Street, Hathershaw, Oldham, OL8 3EJ	Good	1904. Cotton mill associative value with Potts and Son & Hennings. Platts machinery. George Saxon engine.	0.0	Brick construction, five storeys, steel and concrete internal structure. Rectangular windows in pairs per bay. Terracotta brickwork and pillars to top storey between windows. Lowered tower to north east with staggered windows and arched window with bell symbol to top floor. Engine house, weaving shed, chimney, offices.	3	1.5	Good relationship with terraced housing surrounding. Set back from roadside behind trees to frontage but sits comfortably within setting. Tower and architectural detail adds to integrity.	3	Good condition and contributes activity to the area with positive impact.	3	Associations with former use, visual relationship with terraced housing. In active use.	3	3.0	2.25

Briar Mill	N/A	Y	Beal Lane, Shaw, OL2 8PH	Good	1906 by Briar Mill Co. Associative value with PS Stott. Platts machinery. George Saxon engine.	0.0	Brick construction. Steel and concrete internal structure. Tall, thin rectangular windows closely spaced with concrete surrounds. Some restrained embellishments to brickwork. Tower modified with circular top windows.	2	1.0	Good relationship with terraced housing surrounding. Set on edge of settlement with views of Briar Mill and neighbouring mills contributing to group value.	3	Large industrial area within surrounding residential areas. Character of mills contributes to sense of place.	3	Associations with former use, visual relationship with terraced housing. In active use.	3	3.0	2.00
Britannia Mill	N/A	Y	Britannia Street, Oldham, OL1 3QB	Fair	Predates 1861 by the Britannia Mill Co. Cotton waste mill.	-5.0	Red brick construction with 3 storey older section and later phase. Small rectangular brick arch windows. Blocked arched entrance to west end.	1	-2.0	Surrounded by other buildings and activity / industrial character, railway to east.	0	Industrial area, subsumed within.	-1	None.	0	-0.3	-1.17
Cairo Mill	N/A	Y	Greenacres Road, Waterhead, Oldham, OL4 3EX	Good	1903 cotton mill. Associative value with PS Stott. Asa Lees machinery. George Saxon engine.	0.0	Red brick construction, six storeys, steel and concrete internal structure. Flat roof. Rectangular concrete type windows in pairs and in threes. Pilasters between bays. Tower to east with name to top. Engine house to north west.	3	1.5	Surrounded by predominantly residential area. Has group value with Orme and Majestic.	3	Really large site with a lot of activity. Edge of residential area.	2	Associations with former use, visual relationship with terraced housing. In active use.	3	2.7	2.08

Delta Mill	N/A	Y	New Coin Street, Royton, Oldham, OL2 6JZ	Good	1902 cotton mill for Delta Mill Co Ltd. Associative value with AH Stott. Platts machinery. J&E Wood engine. Ceased production 1979 and top three floors removed.	0.0	Red brick construction of three storey reduced from six storey. Tall thin rectangular multi-pane windows. Engine House, ornate doorway. Brick and stone gate pillars and entablature.	1	0.5	Industrial area occupying an elevated position. Not prominent due to low height and lack of tower or chimney. Group value with Grape and Vine mills.	2	Industrial area but interesting topography makes for good separation and experience.	2	Associations with former use. Some group value with Grape and Vine mills.	2	2.0	1.25
Dob Lane End Mill	N/A	Y	Morton Street, Failsworth, Oldham, M35 0FA	Good	1860 cotton mill by William Crosley. Taken over by Dob Lane Manufacturing Co in 1908.	-2.5	Weaving shed and warehouse late 19th century and of brick construction. Building appears single storey but is clad in metal sheeting which obscurs any detail or historic appearance.	-3	-2.8	Industrial area, completely clad with modern materials and appears modern within its setting.	-1	Industrial area with limited historic character.	-1	None.	0	-0.7	-1.71
Duke Mill	N/A	Y	Refuge Street, Shaw, Oldham, OL2 8QP	Good	1883 cotton mill. Associative value with J Stott, Platts machinery, Woolstenhulme & Rye engine. Duke Spinning Co Ltd.	0.0	Brick construction, late 19th century. 5 storeys, multi-ridge roof. Large brick arch rectangular windows. Tall sprinkler tower, corner pilasters and stone caps to mill. Warehouse, semi-internal engine house to south side.	3	1.5	Edge of built area, countryside beyond. Lost relationship with surrounding housing, mainly modern replacements and commercial.	2	Viewed within wider landscape but not high quality example.	3	Associations with former use but limited.	1	2.0	1.75

Earl Mill	N/A	Y	Dowry Street, Hathershaw, OL8 2PF	Good	1860 rebuilt 1891 cotton mill. Associative value with PS Stott. Asa Lees machinery, Buckey & Taylor engine.	0.0	Brick construction flat roof, five storey tower at north west corner and smaller tower south west corner. Name on main tower. Large rectangular brick arch windows. Corner pilasters stone details. Engine house and rope race, boiler house and brick chimney.	3	1.5	Good relationship with terraced housing surrounding. Lost group value with demolished Maple Mill, although Maple chimney survives in distance.	3	Business park within close proximity of residential and industrial activity. Adjacent to roadside, active site.	3	Associations with previous use, positive local employer.	3	3.0	2.25
Elm Mill	Newby Mill	Y	Linney Lane, Shaw, OL2 8HB	Good	1890 cotton mill. Associative value J Stott. Hetherington machinery, Buckley & Taylor engine.	0.0	Brick construction, five storeys, multi ridge roof, large brick arch rectangular windows, corner pilasters, embelished brickwork, eaves detail, engine house west side. Single storey weaving shed. No boiler house or chimney.	3	1.5	Lost relationship with terraced housing. No tower or chimney. Group value with Lily Mill and Briar and Lilac beyond.	3	Industrial area opposite residential.	2	Associations with previous use diminished with loss / replacement of housing.	1	2.0	1.75
Falcon Mill (Weaving Shed)	N/A	Y	Victoria Street, Chadderton, Oldham, OL9 0HB	Good	1885 velvet mill. Associative value PS Stott. Buckley & Taylor engine. Oldham Velvet Manufacturing Co.	0.0	Brick construction single storey of many bays. Very good examples of late 19th century brick embellishments to the offices. All roofs replaced.	3	1.5	Good relationship with terraced housing surrounding. Unusual extensive single storey building adjacent to street. Group value with Manor Mill.	4	Main road position close to road providing high visual impact. Good relationship with surrounding houses, community / school / Manor Mill.	4	Associations with former use, visual relationship with terraced housing and Manor Mill. In active use, contributes positively to experience.	4	4.0	2.75

Fir Mill	Vernon Works	Y	High Barn Street, Royton, Oldham, OL2 6RW	Good	1905 cotton mill. Associative value A Turner. Platts machinery. Scott & Hodgson engine. Fir Spinning Co Ltd.	-2.5	Brick construction five storey, multi ridge roof. Large brick arch rectangular windows. Corner pilasters. Sprinkler tower to the front wall. Separate lift tower to east wall. Engine house attached to west side. Boiler house and brick chimney.	3	0.3	Good relationship with terraced housing to south. No chimney or distinctive tower.	3	Set back from main road and visible behind houses but lacks a sense of presence.	3	Associations with former use, visual relationship with terraced housing. In active but low frequency use.	3	3.0	1.63
Forge Mill	N/A	Y	Greenacres Road, Oldham, OL4 1HA	Good	Cotton mill of uncertain date. Evolved from Soho Iron Works founded in 1816. Conversions and alterations in the 1850s to form a large spinning mill. Whilst loom shops were demolished, Forge Shed remains.	-2.5	Brick construction, 2 storey, tall brick arched windows, many infilled. Rusticated stone doorway, brick eaves course. Roofs replaced.	1	-0.8	Adjacent to stretscene, provides some character of former use. Views towards church tower beyond.	1	Industrial and commercial area, little historic context.	0	None.	0	0.3	-0.21
Fountain Mill	N/A	Y	Stampstone Street, Oldham, OL1 3LJ	Poor	1821 cotton mill Associative value with Woodhouse & Potts for Gould & Cooper. Large part demolished and fire damaged. Remaining building part of original complex.	0.0	Brick construction, Three storey height, 19 bays. Brick arched windows with stone keystones. Blocked ground floor openings. Surrounding buildings demolished. No tower or chimney.	2	1.0	The building lines the roadside and opposite Hartford Old Works which provides reference and group value.	2	Industrial and commercial area. Large vacant plots and lack of sense of place.	0	None.	0	0.7	0.83

Gatehead Mill	N/A	Y	Delph New Road, Delph, Oldham, OL3 5DB	Poor	Late 19th century woollen mill. Stone building dates to 1781 thought to be first cotton mill in Saddleworth. Associative value with John and James Buckley who also established a school for children employed at Gatehead Mill in 1786.	2.5	Two storey brick construction large rectangualr windows with concrete tops and multi ridge roofs. Also early 20th century weaving shed with 6 roof ridges. 2 storey stone building	1	1.8	Set back from roadside with woodland to rear. Commercial character with little sense of being a former mill.	2	Busy road and active site.	2	None.	0	1.3	1.54
Gorse Mill No.1	N/A	Y	Gorse Street, Chadderton, Oldham, OL9 9QL	Good	1908 cotton mill. Associative value with PS Stott. Asa Lees machinery. Urmson & Thompson engine. For Gorse Mill Ltd and later occupied by the Combined Egyptian Mills Ltd.	0.0	Red brick construction, 5 storeys, steel and concrete internal structure. Flat roof. Tall rectangular multi paned windows. Pilasters between the bays. Restrained embellishments on brickworks. Tower with pyramidal top is to the south west corner. Engine house demolished, rope drive intact. no boiler house or chimney.	4	2.0	Busy central location set back from main road but visible behind remaining row of terraces, pyramidal cap adds to character. Group value with Ace and Ram Mills.	4	Busy environment, active site, lost original context but views / experience alongside Ace Mill of value.	4	Association with former use, local employer contributes to positive experience.	3	3.7	2.83

Grape Mill	N/A	Y	New Coin Street, Royton, Oldham, OL2 6JZ	Fair	1905 cotton mill. Associative value with TW Jenkins. Platts machinery, J Hargreaves & Sons engine. By the Grape Mill Co as the No.2 mill to Vine Mill.	0.0	Brick building of five storeys. Multi ridge roof. Large rectangular brick arch windows. Pilasters and restrained embellishments. Engine house north side. Sprinkler tower to north east corner with name to top and tall ornate tower south side.	2	1.0	Valley bottom location downhill from Vine Mill. Old farmhouse to west within green setting. Otherwise industrial in character.	3	Busy environment, active site with group value alongside Vine and Delta Mill.	3	Association with former use, local employer contributes to positive experience.	3	3.0	2.00
Greenfield Mills	Fletchers	Y	Holmfirth Road, Greenfield, Oldham, OL3 7NB	Poor	Early origins of a woollen mill on this site mid 19th century. Current buildings 19th century cotton mill, became paper mill in 1929.	0.0	Late 19th century two and three storey stone buildings with multi ridge roofs, multi phase. Weaving shed, various buildings.	2	1.0	Millponds to east and south east, sluice to south east, reservoir to east. Valley bottom location viewed from surrounding approaches/landscape. Row of terraced workers houses on hill above.	3	Tranquil location adjacent to popular walking area of Dove Reservoir. Derelict appearance with limited access.	3	Association with former use. Derelict site has adverse visual impact or characteristic.	3	3.0	2.00
Greengate Mill	N/A	Y	Sefton Street, Chadderton, Oldham, OL9 7LX	Good	Late 19th century cotton waste factory.	-5.0	Brick construction 2 storey, hipped slate roof rectangular brick arch windows.	1	-2.0	Predominantly industrial area with potential associated housing close by.	1	Low level activity, narrow streets.	1	None.	0	0.7	-0.67
Haybottoms Mill	N/A	Y	Oak View Road, Greenfield, Oldham, OL3 7EP	Good	Mid 19th century, marked as bleech works on historic plans.	0.0	Brick built 2 storey in height with gable ends facing towards entrance. Roofs replaced with metal sheeting.	2	1.0	Rural setting adjacent to housing. Seen in views from road.	2	Small scale industrial buildings set back from roadside, low activity.	2	None.	0	1.3	1.17

Heron Mill	N/A	Y	Heron Street, Hollins, Oldham, OL8 4JS	Good	1905 cotton mill. Associative value with PS Stott. Asa Lees machinery. George Lees engine. For Heron Mill Co. Ltd.	0.0	Red brick construction five storeys. Tall rectangular windows, flat roof, pilasters between bays. Some embellished stonework. Tower to south west corner and projecting tower north west end. Engine house north west orner in poor condition. Boiler house and brick chimney. warehouse.	3	1.5	Residential area with school to south-west. Retains relationship with some terraced housing.	3	Quiet location with low level activity. Building in good condition although engine house disused and in poor condition.	3	Association with former use. Site in good overall condition.	3	3.0	2.25
Ivy Mill	N/A	Y	Mitre Street, Failsworth, Oldham, M35 9BY	Good	1890 cotton mill. Associative value with George Schofield. Engine Timbly Bates and Pollit & Wigzell.	-2.5	Brick construction five storey spinning mill. Rectangular windows with flat brick tops, stone cills. Multi ridge roof. Pilasters, sprinkler tower north west corner. Internal engine house. Brick chimney and boiler house. Blue brick embellishment between the storeys.	3	0.3	Main road, commercial area with housing beyond. Canal side location with views from bridge over waterway.	4	Canal side location and group value with others along this stretch.	4	Canal side / footpath location contributes positively to use of footpath / leisure.	4	4.0	2.13
Jubilee Mill	N/A	Y	Brideoake Street, Waterhead, Oldham, OL4 2HA	Poor	1848 cotton mill known as Hague Street Mill. Engine Wood Bros. Huge stone blocks on ground to north gable, possible site of former engine house.	-2.5	Brick construction with timber internal structure. Three storeys. Small square chimney attached to north gable. Slate roof. Small rectangular brick arch windows.	2	-0.3	Hill top position at corner of two roads. Prominent in views on approach. Seen in context of church spire to south.	2	Derelict building having adverse effect on local character and appearance. Potential to stimulate local regeneration.	-2	Association with former use. Sit in poor condition.	2	0.7	0.21

Jubilee Mill (Fulling) *	Woodbottom Mill	Y	Off Milnrow Road, Shaw, Oldham, OL2 8BX	Very Bad	Marked on the 1896 OS plan and thought to have been a water powered spinning mill.	-2.5	Two storey stone built mill of 12 bays with single storey addition to front. Rectangular windows with stone lintels and cills. Two later stone buildings, circular brick chimney. Managers house and row of terraced cottages.	2	-0.3	The site is difficult to access and not seen from the main road, except for the circular chimney which suggests a mill site.	1	Limited experience or access.	0	Possible associations with former use but limited.	0	0.3	0.04
Kinders Lane Mill	N/A	Y	Boarshurst Lane, Greenfield, Oldham, OL3 7BG	Fair	Marked on the map as a woollen mill, the main building being late 19th century/early 20th century. The site has evolved organically. No engine house, chimney or offices.	-2.5	Weaving shed fronting Kinder Lane appears to have been rebuilt at some stage. The earliest part of the complex was the now demolished central buildings and the mill adates to the late 19th century.	1	-0.8	Corner site at point of road split which provides some visual prominence. However buildings low level and no key view. Weaving shed elevation to Kinder Lane of character and value. Some terraced housing provides context.	2	Quiet edge of settlement location with views into site from uphill. Buildings largely demolished and altered.	2	Possible associations with former use but limited.	0	1.3	0.29

Knarr Mill	N/A	Y	Oldham Road, Delph, Oldham, OL3 5RQ	Good	Marked on map as woollen mill. Spinning mill early to mid 19th century. Knarr Mill was a woollen mill from its inception in 1791, but for a short time from around 1824 to 1840 cotton spinning was carried out here by Ralph Thornley. Engine from Victor Coates of Belfast 1901 to replace a beam engine and waterwheel.	0.0	Spinning mill is early to mid 19th century and stone build with timber internal structure. Rectangular windows with stone lintels and cills. 20th century addition to front which detracts from architectural value of original mill.	2	1.0	Adjacent to fast flowing stream. Set within steep valley around which the road climbs and affords visibility down to the mill from above, although not prominent / clear in that view.	3	The site is nestled in the valley and only really visible on closer proximity.	1	In active use, but limited communal value.	0	1.3	1.17
Lane End Mill	Royton Lane Mill	Y	Holden Fold Lane, Royton, Oldham, OL2 5LW	Good	Marked on the map as a cotton mill. A small mill was built sometime earlier than 1817 although very little historic fabric remains intact.	-5.0	Stone boundary along Holden Fold is of character. Buildings significantly altered and infilled.	0	-2.5	Industrial area and group value with Grape Mill and Vine Mill although little contribution.	1	Industrial area and historic fabric provides context to street scene and sense of place although not an active frontage.	1	In active use, but limited communal value.	0	0.7	-0.92
Lilac Mill	N/A	Y	Beal Lane, Shaw, OL2 8PJ	Good	1918 cotton mill by Lilac Mill Co. Associative value with PS Stott. Platts machinery. Buckley & Taylor engine.	0.0	Brick construction. Steel internal structure, 5 storeys. Tall rectangular windows, closely spaced. Tower to north-west corner. Large engine house to east side, large boiler house and weaving shed.	2	1.0	Good relationship with terraced housing surrounding. Set on edge of settlement with views of Lilac Mill and neighbouring mills contributing to group value.	3	Large industrial area within surrounding residential areas. Character of mills contributes to sense of place.	2	Associations with former use, visual relationship with terraced housing. In active use.	2	2.3	1.67

Lily Mills	N/A	Y	Linney Lane, Shaw, OL2 8HB	Good	Cotton mill. Associative value with G Stott. Mill No.1 Platts machinery, Bukley & Taylor engine. Mill No.2 George Saxon engine.	0.0	Constructed of red brick with steel and concrete internal structure. Flat roof, large rectangular brick arch windows. Simple corner pilasters. Tower with full arched windows to north- west corner. Engine house attached to north-east corner.	2	1.0	Commercial setting behind other commercial buildings.	2	Large industrial area within surrounding residential areas. Character of mills contributes to sense of place.	2	Associations with former use, visual relationship with terraced housing. In active use.	2	2.0	1.50
Longrange Mill	Orme Mill	Y	Greenacres Road, Waterhead, Oldham, OL4 3NS	Fair	1908 cotton mill. Associative value with FW Dixon & Son. T Holt / Tweedale & Smalley machinery. George Saxon engine.	0.0	Red brick construction with steel and concrete internal structure. Tall rectangular windows and flat roof. Sprinkler tower to north west corner. Pilasters between bays. Restrained embellishments. Three storey offices. Engine house to north east corner. Three storey warehouse, no chimney or boiler house.	3	1.5	Commercial area on edge of residential area. Group value with Cairo and Majestic Mills. Located on incline.	4	Really large site with a lot of activity. Edge of residential area.	2	Associations with former use, visual relationship with terraced housing. In active use.	3	3.0	2.25
Lumb Mill	N/A	Y	Huddersfield Road, Delph, Oldham, OL3 5DF	Good	1794 woollen mill used for cotton 1804-10 by Joseph Lawton.	-2.5	Brick construction, 3 storey, sprinkler tower attached. Various other buildings date to 19th century. Modern houses surrounding.	2	-0.3	The site is quite enclosed with stone wall and narrow entrance toward. Main building seen from new housing estate to east.	2	Industrial site adjacent to village, largely enclosed.	2	Associations with former use.	2	2.0	0.88

Majestic Mill	Lower Mill	Y	Dunham Street, Waterhead, Oldham, OL4 3NT	Fair	1903 cotton mill. Associative value with FW Dixon. Howard & Bullough/Platts machinery. J & W McNaught engine. Built by Majestic Mill Co on site of former Lower Mill.	0.0	Red brick construction, five storeys, steel and concrete internal structure. Rectangular windows with flat brick tops. Flat roof. Tower to south-west corner. Pilasters and yellow brick coursing. Engine house to north west.	3	1.5	Surrounded by predominantly residential area. Has group value with Orme and Cairo.	3	Really large site with a lot of activity. Edge of residential area.	2	Associations with former use, visual relationship with terraced housing. In active use.	3	2.7	2.08
Malta Mill	N/A	Y	Mills Hill Road, Chadderton, Oldham, M24 2EE	Good	1905 cotton mill. Associative value with FW Dixon. Platts machinery.. Buckley & Taylor engine.	0.0	Constructed of red brick with steel and concrete internal structure. Flat roof, large rectangular brick arch windows. Simple corner pilasters. Tower with full arched windows to north-west corner. Engine house attached to north-east corner. Warehouse of brick, 1 storey and basement. to east of mil. No boiler house or chimney.	3	1.5	Canal side location with engine house and tower. Group value with Preserve Works over the road.	4	Industrial / commercial area. In use but as storage / management, little activity.	2	Associations with former use, although some terraced housing nearby it has lost visual connection. In active use.	2	2.7	2.08
Marlborough Mill (No. 1)	N/A	Y	Mellor Street, Failsworth, Oldham, M35 0HT	Good	1905 cotton mill. Associative value with PS Stott. Asa Lees machinery. George Lees engine. For Heron Mill Co. Ltd.	0.0	Red brick construction, steel and concrete internal structure. Tall rectangular windows. Pilasters between bays. Some brick embellishments. Attached engine house.	3	1.5	Prominent canal side location with lock gates. Large mill with engine house and chimney all contributing to group value.	4	Busy retail area to south east and surrounded by housing. In use for distribution but poorly maintained to street side.	3	Associations with former use, some value through nearby terraced housing and canalside location/footpath.	4	3.7	2.58

Morton Mill	N/A	Y	Morton Street, Failsworth, Oldham, M35 0BN	Fair (now assumed poor after fire)	1914 cotton mill. Associative value with E S Kearsley Ltd. 20th century manufacturers house to west end of mill.	-5.0	Red brick small doubling mill. Rectangular brick arch windows. Sprinkler tower and tank to south west corner. Early 20th century house to west.	1	-2.0	Adjacent to railway line within industrial and commercial area.	1	Building in poor condition, relatively little activity visible. Boarded up former house to west. Building in poor condition.	1	Possible associations with former use but unlikely.	0	0.7	-0.67
Oak View Mills	N/A	Y	Manchester Road, Greenfield, Oldham, OL3 7HG	Good	Late 19th century woollen mill. With previous mill during the early 19th century however no evidence of such on site.	-2.5	Stone built mill of four storeys with hipped slate roof. Rectangular windows with stone lintels and sills. Tower projecting to front which is close to roadside. Warehouse lowered to single storey. Later spinning block to west.	2	-0.3	Roadside location to edge of built form. On same watercourse as Heybottoms Mill to the north. Group value with Haybottoms Mill and former Greenfield Industrial Cooperative Society.	3	Buildng is on a busy road and set at an angle which when combined with the advancement of the warehouse to the front masks views on approach.	2	Possible associations with former use.	2	2.3	1.04
Osborne Mill	N/A	Y	Waddington Street, Chadderton, Oldham, OL9 6QH	Good	No.1 Mill 1873 cotton mill. Associative value with PS Stott, engine J Petrie & Co. No.2 mill built 1912 associative value with PS Stott and engine Hick, Hargreaves & Co.	0.0	Both red brick construction of four and five storey height. Steel and concrete internal structures and flat roofs. Engine house attached to east side of No.1 mill. Warehouse and engine house to east of No.2 mill.	3	1.5	Set within a commercial area but across the park from Manor Mill. Views between the two contribute to group value.	3	Commercial area with housing to south-west. Active and parking problematic. Buildings in reasonable condition with upvc windows.	3	Possible associations with former use.	1	2.3	1.92

Paradise Mill	N/A	Y	Bell Street, Oldham, OL1 3QA	Fair	Built prior to 1848 as Atlas Iron Works. Marked on map as cotton mill then cotton waste mill.	-5.0	Brick building of two storeys with rectangular windows and blocked taking in door as well as goods hoist. Roof recently replaced with metal sheeting.	1	-2.0	Commercial area with many alterations to built fabric.	0	In use as a builders merchant. Within commercial area with little character.	0	None.	0	0.0	-1.00
Pingle Mill	Pringle Mill	Y	Pingle Lane, Delph, Oldham, OL3 5EX	Good	C.1780 marked on maps as a woollen mill. Originally known as Farrands Mill after John Farrand it's first occupier when it was a scribbling mill. Converted to cotton spinning soon after 1800. From c.1892 occupied by the Delph Co-Op Society manufacturing flannels and shawl.	0.0	Two main buildings, 1. stone building of two storeys towards site entrance. 2. three storey stone building with later phases. Three storey domestic house in the centre which may be oldest part of whole site.	2	1.0	Valley bottom along watercourse. Rural location with hills to backdrop.	2	Very narrow access into site. Enclosed site within countryside setting.	2	Possible associations with former use.	1	1.7	1.33
Prince of Wales Mill	N/A	Y	Vulcan Street, Oldham, OL1 4EP	Good	1875 cotton mill. Associative value with Edward Potts. Machinery by Platt's and engine by Woolstenholme and Rye.	-2.5	Only office building remains. Red brick, squared in form. Two storey with brick pilasters, stone eaves band and raised parapet. Set behind railing fence.	2	-0.3	Business park and residential area. With mill demolished it has lost context.	0	Historic building with terraced housing adjacent.	1	None.	0	0.3	0.04

Ram Mill	N/A	Y	Gordon Street, Chadderton, Oldham, OL9 9RJ	Good	1907 cotton mill. Associative value with Stott & Sons. Platts machinery. George Saxon engine. Built by the Ram Spinning Co. extended 1955.	0.0	Red brick construction, five storeys plus basement. Steel and concrete internal structure. Flat roof. Rectangular windows taller on the first two floors. Ornate domed tower with terracotta brickwork. Weaving shed to east side. Very large engine house to south east corner. boiler house, offices and chimney recently demolished.	3	1.5	Industrial and commercial area with water treatment works to north. Group value with neighbouring Gorse Mill and Ace Mill but to lesser extent than Gorse and Ace have with each other. Domed top to tower makes Ram stand out but lack of key views.	3	Industrial character and unable to get close to the building. Surrounding terraced housing has been lost but visual relationship with Gorse and Ace.	3	Possible associations with former use.	1	2.3	1.92
Rasping Mills	Valley Mills	Y	Millgate, Delph, Oldham, OL3 5DG	Fair	Thought to have been a mill here as early as 1775 originally used for rasping dyer's wood but was quickly used for scribbling. Demolished in 1834 and new mill built for preparing and finishing of cloth. By 1850s used for both wool and cotton.	2.5	Stone built late 19th century weaving shed of single storey height. Mid 20th century brick built addition to south of site. Warehouse late 19th century and brick built of three storeys. Octagonal stone chimney attached to boiler house. Possible office block.	2	2.3	Edge of village site. Large stone wall to main road which creates a narrowing of the road with weavers houses to opposite side contributing to group value. Chimney set abainst backdrop of rural hills. M shaped roof characteristic of mill site.	3	Very characteristic of Saddleworth mills and group value with surrounding assets and countryside. Modern elements of less value but these are hidden largely as site is lower than road.	3	Possible associations with former use. Group value and experience edge of settlement contributes to sense of place.	4	3.3	2.79

Raven Mill	N/A	Y	Raven Avenue, Chadderton, Oldham, OL9 8PW	Good	1892 cotton mill. Associative value with PS Stott. Asa Lees machinery. Buckey & Taylor engine.	0.0	Waterhouse Red brick construction five storeys in height. Steel and concrete internal structure. Flat roof. Tall rectangular windows with flat brick tops. Tower to west end of building and other smaller projecting tower to the other corners. Boiler house / chimney intact. Red brick and two storey full length of north side. Name on chimney.	3	1.5	Residential area, lost association with terraced housing as all been redeveloped. Group value with Nile and Chadderton Mills. Three chimneys visible together of particular value to the setting.	3	Largely residential area and good quality housing. Positive experience, active use.	4	Possible associations with former use. Group value contributes to sense of place.	3	3.3	2.42
Slackcote Mills	N/A	Y	Slackcote Lane, Delph, Oldham, OL3 5TW	Good	Original mill probably of 1781 date. Current buildings of late 19th century date and always been woollen production.	-2.5	Stone built warehouse with timber internal structure. Three storey, slate roof, rectangular windows with stone lintels and cills. Various early to mid 19th century stone buildings of two storey well maintained.	3	0.3	Valley bottom position within countryside setting. Characteristic of Saddleworth mills but not prominent in landscape.	3	Quiet waterside location with surrounding stone walls. Active use.	3	Possible associations with former use.	3	3.0	1.63
Springfield Mills	N/A	Y	Moss Lane, Royton, Oldham, OL2 6HR	Good	1869 by Richard Fitton and taken over by the Moss Lane Spinning Co in 1873. Warehouse extension 1875. Destroyed by fire 1962, only single storey section still standing.	-5.0	Single storey building all that remains on original footprint.	-3	-4.0	Industrial area surrounded by other similar and modern structures.	0	Industrial area with no value to sense of place.	0	None.	0	0.0	-2.00

Springfield Works	N/A	Y	Samuel Street, Failsworth, Oldham, M35 0GA	Good	1871 sponge cloth works. Shaw and Butterworth. Partially demolished.	-5.0	Brick single storey late 19th century buiding with rectangular brick arched windows of many phases. Single storey early 20th century brick building at its entrance possibly offices. Brick chimney demolished.	2	-1.5	Small industrial area adjacent to housing and bound by railway line to north. Discreet site with low impact.	1	Quiet but in active use.	1	None.	0	0.7	-0.42
Stockfield Mill	N/A	Y	Stockfield Road, Chadderton, Oldham, OL9 9ES	Good	1862 cotton mill. Associative value with PS Stott. Buckley & Taylor engine.	0.0	Red brick construction of four storey. Large rectangular brick arched windows. Patterned brickwork to the eaves. Phase 2 attached at 90 deree angle L plan. Early 20th century engine house. Boiler house and chimney demolished. Possible office block and warehouse.	3	1.5	Industrial area with housing to west. No relationship with surrounding housing. Tower with name provides views towards.	2	Active use well maintained.	2	Possible associations with former use.	1	1.7	1.58
Swan Mill	N/A	Y	Foxdenton Lane, Chadderton, Oldham, M24 1QG	Good	1875 cotton mill. Associative value with E Potts. Platts machinery, Pollock & McNab engine. Built by Swan Spinning Co. Rebuilt after fire in 1922.	0.0	Brick construction of six storeys including basement. Brick arch rectangular windows, multi ridge roof. Added red brick tower to north east corner. Chimney reduced to a stump.	3	1.5	Canal side setting viewed from canal path. Other modern buildings and pylon have adverse effect on setting. Railway & Linnet public house adds to group value as well as terraces on far side. Set within spacious grounds.	3	Active site but with modern sheds and vacant site surrounding. Canal path positive to sense of place.	4	Possible associations with former use. Contribution of footpaths beside canal of value to sense of place.	4	3.7	2.58

Thornham Mill	N/A	Y	Oozewood Road, Royton, Oldham, OL2 5SJ	Poor	1885 cotton mill. Associative value with J Mawson. Platts, Woolstenhule & Rye engine. Bult by Thornham Spinning Co Ltd. Earlier block demolished.	0.0	Brick construction five storeys in height. Multi ridge roof. Rectangular windows with stone lintels and cills. Corner pilasters and two projecting towers to the north side. Engine house attached to north west corner with two stone arched windows. Late 19th century warehouse and weaving shed.	3	1.5	Central to residential area but no surviving relationship with surrounding terraces.	2	Quiet location with low level activity. Building not in use and declining condition.	1	Possible association with former use.	1	1.3	1.42
Vale Mill	N/A	Y	Chamber Road, Hollins, Oldham, OL8 4PX	Good	1868 cotton mill, extensions 1882 and 1920. Lowered to three storey.	-2.5	Brick construction three storey height. Large rectangular windows. Flat roof. Distinctive brick projection to front wall with stone moulding. Prockter & Co Ltd above main entrance. Engine house to west demolished. Retains lowered chimney.	2	-0.3	Main road setting with views into site and of chimney. Grade II church in close proximity.	4	Historic building with terraced housing in close proximity. Active use.	3	Possible association with former use.	1	2.7	1.21
Vale Mill	N/A	Y	Stockfield Road, Chadderton, Oldham, OL9 9LU	Good	1861 cotton mill by William Taylor and Brothers who also owned Stckfield Mill. Mostly demolished in 1964 retaining a three storey building with low pitch roof.	-5.0	Red brick construction of 3 storey reduced in heigh with shallow pitched roof. External boundary walls remain in part.	1	-2.0	Surrounded by industrial development.	0	Some historic fabric to understand former use. Busy area in active use.	1	None.	0	0.3	-0.83

Vine Mill	N/A	Y	Middleton Road, Royton, Oldham, OL2 5LN	Fair	1897 cotton mill. Associative interest with Wild, Collins & Wild. Platts machinery. George Saxon engine. Built by the Vine Mill Co.	0.0	Brick construction of four storeys. Multi ridge roof. Large rectangular brick arch windows. Three projecting towers to north side with staggered narrow arched windows and corner pilasters. Name to top of tower. Boiler house, engine house and chimney demolished, reservoir infilled.	2	1.0	Largely residential area and fronting main road. Set on top of hill with Grape Mill downslope.	3	Appears under used if at all and in declining condition.	1	Possible associations with former use. Very limited remaining terraces nearby.	1	1.7	1.33
